

**CHERRY WILLINGHAM
COMMUNITY SCHOOL**

*A Specialist Sports
Maths & Computing College*

3rd July 2017

Message to Parents/Carers from Mrs E Stiles

Cherry Willingham Community School is a very special place; it is a family where staff, students, parents and Governors work seamlessly together for the sole purpose of giving our young people the very best education and life skills that we can. The last two years have been fraught with uncertainty, speculation and tribulation, but The Priory Federation of Academies have stepped into that breach and secured a fantastic future for our school. The Priory sponsorship ensures a certain future; it will revitalise and enhance the educational provision already at CWCS and give a fresh new perspective on the next phase of its life.

I promised my Governors that I would remain at CWCS until CWCS had a certain future and that is what I have done. I feel that the time has come to relinquish my Headship and to allow a fresh new start for our school and for me to pursue other opportunities within the educational arena.

Thank you for all your continuous support and unflinching faith in me and our school. CWCS is a wonderful school and having The Priory Federation of Academies as the sponsor will ensure that it continues to be so; I know that CWCS will flourish as a new academy and provide excellent opportunities for everyone involved.

I wish you all the very best for the future.

Kindest regards

Elaine Stiles
